

R E M A R K S

Claims 35-67 are now in this application, and are presented for the Examiner's consideration.

Claims 1-47 were originally filed in the International application, but were timely amended to reduce the number of claims to claims 1-34, which were also part of the International Preliminary Examining Report (IPER).

In order to avoid confusion, the claims have been canceled, and new claims 35-67 have been substituted herein, which start numbering after the highest number 34 of the amended claims in the IPER.

New claims 35-67 have been written in order to provide proper antecedent basis, to positively recite the various elements, limitations and method steps, to delete alternative phraseology, and to delete all multiple dependencies.

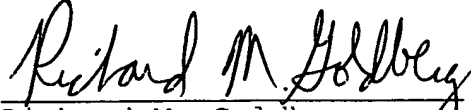

The specification has also been amended to add headings, and correct various errors.

The Abstract has also been amended to remove legal phraseology.

Please charge any additional fees incurred by this Preliminary Amendment, or credit any overpayment, to Deposit Account No. 07-1524.

It is hoped that this Preliminary Amendment will facilitate an examination of the application on its merits.

Respectfully submitted,
